

# My Dream in theFuture

I want to go to Peru.  
I want to see World Heritage.

**First,** I want to visit Ruins  
Historic Sanctuary of Machu Picchu.  
I like it very much.  
This site is on the top of the mountain!  
How did people make the city on the  
mountain?

**Second,** I want to see Ruins and  
Geoglyphs of Nasca and Pampas de  
Jumana.  
Besides this, there are many kinds.  
The reason why this ruins were made  
is not understood.

**Third,** I want to go to Huascarán National  
Park.  
This park is a World Natural Heritage.  
112 kinds of birds live only in the growth  
of the plant of more than 779 kinds of  
high ground Andes, and the confirmation.  
The biodiversity of the park is splendid.
